

Turn to Murdock

for a variety of quality
hydrants that last.

Since 1853, Murdock has manufactured heavy-duty hydrants made from high-quality materials, such as brass, cast iron, steel and bronze. Now Murdock has teamed up with leading hydrant manufacturer Jay R. Smith Mfg. Co. to offer one of the largest hydrant product lines in the industry. Our expanded product offering contains a hydrant for most any application. See our entire hydrant line by visiting our website at www.murdockmfg.com.

COMMERCIAL BOXED WALL HYDRANTS

ROUND – SQUARE – RECTANGLE

Murdock commercial boxed hydrants conceal the nozzle and operating mechanism. The locking covers protect against vandalism and unauthorized use.
